<b>Approved By</b>	<i>President</i>		<b>SOP</b>	<i>3.0</i>
			<b>ISO/OHSAS</b>	<i>4.2</i>
			<b>R2 Practice</b>	<i>1</i>
<b>Revision</b>	<i>2</i>		<b>Effective Date:</b>	<i>April 14, 2014</i>

**Purpose:** To provide a policy that establishes R.A.K.I. Computer Recycling’s commitment to the protection of the environment as well as to continual improvement throughout the organization.

**Scope:** This policy applies to all R.A.K.I. Computer Recycling facilities.

**Exceptions:** Exceptions or revisions to this policy may only be made by the President of R.A.K.I. Computer Recycling or his or her designee.

**Responsibility:** It is the responsibility of all employees, associates, contractors and vendors to follow this policy. It is the responsibility of Senior Management to assure this policy is being followed.

**Frequency:** Ongoing

### **Environmental Policy**

R.A.K.I. Computer Recycling is committed to the protection of the environment at all locations where asset management and recycling activities are performed. As an environmentally conscious business, R.A.K.I. Computer Recycling is committed to the following corporate environmental policy objectives:

- ❖ Promote and protect employee health and safety to the fullest extent possible within the confines of the occupational environment (See **Policy 3.0A**).
- ❖ Fulfill the responsibility of trustee of the environment for this and future generations.
- ❖ To the extent possible, apply practices and control technologies that minimize pollution.
- ❖ Comply with relevant environmental legislation and regulations and with other requirements to which the organization subscribes.
- ❖ As appropriate, take corrective action where past practices have harmed the environment or have not been conducive to environmental protection.
- ❖ Strive for continual improvement of the environmental management system.
- ❖ To the extent possible, use recycled materials and earth friendly substances throughout the company.

- ❖ Prevent pollution through reuse, recover and disposal methods.
- ❖ Approve and manage downstream recyclers who engage in environmentally and occupationally safe and ethical reuse, recover and disposal methods.
